**Regards,
Judaica Leathers Team.**

GUIDE TO LEATHER/FUR CARE:

JUDAICA LEATHERS products are made with high quality materials.

Paying attention to these simple tips will help to keep your JUDAICA LEATHERS like brand new forever.

- 📌 Do not expose your product to the sun directly for a long time.
- 📌 Avoid placing heavy objects on it.
- 📌 Protect it from stains using colorless silicone products (spray furniture polish is a good option), applied not directly on the product but on a clean, dry cloth.
- 📌 Avoid getting it wet. If it does get wet, do not expose it to direct heat (e.g., a hairdryer). Instead, dry it with a cloth, without rubbing, and let it air dry at room temperature.
- 📌 Fur is sensitive to friction, and constant rubbing can wear them down. It is recommended to gently brush them 2 or more times a year to remove dirt.

BEST WAY TO TIDY YOUR BAG
